Report of the Selectmen

For details of Selectmen's accounts, also of Road Department accounts, see itemized report of Town Treasurer.

ROAD DEPARTMENT

During the past year the department, in conjunction with the State, has built about 2,000 feet of new road on Foundry Street near Swift's store. Owing to the lateness of the season it was not entirely completed and a certain amount of surface work remains to be done this spring.

Arrangements are being completed with the proper authorities for the construction by the State of a substantial part of Washington Street as a State highway on terms favorable to the Town. It is expected that about one-half of this work, probably the northerly and southerly ends, will be completed this year, and the balance of the work completed in 1923. The Town's share for 1922 will be $12,500.

Center Street from the monument north should be rebuilt this present year, and Foundry Street from Washington Street at Alger's Corner to the West Bridgewater line should be attended to. Main Street from Daley's Corner to the Brockton line should be resurfaced, and some temporary work done on Washington Street on parts not to be reached by the State this year. It is desirable also to continue the new construction on Foundry Street at the Furnace.

We recommend for highways that the Town raise and appropriate the sum of $32,500. Of this amount, $12,500 will have to be used for the new construction planned by the State on Washington Street.

FRANK P. KEITH,
FRANK C. WADE,
JOHN A. ANDERSON,
Selectmen of Easton.

Report of the Overseers of the Poor

The work of the department during the past year has been rendered difficult by the absence, in whole or in part, of proper department records. Although it is necessary, in order to recover money from the State, for the Town to present promptly to the Commonwealth claims for reimbursement, we found that no claims from 1916 down had been presented. Much work was necessary to adjust the matter, which was finally settled on a basis entirely satisfactory to the Town. We have investigated carefully the various cases now receiving aid and are preparing proper records of the same for our files. It is desirable that the Town, some time in the near future, should furnish a proper place to keep these and other town records.

We have made every effort, by advertising and otherwise, to see that claims against the Town were presented for payment before the end of the year.

For receipts and expenditures of the department, we refer you to the itemized account of the Town Treasurer. To avoid repetition, details of the various cases which appear in the Treasurer's report are here omitted.

In several of the cases, reimbursement in whole or in part is received from the State or various cities and towns.

We recommend for the coming year that the Town appropriate $7,000 for Poor outside of the Almshouse and expenses of the Charity Department, and $2,500 for the Almshouse.

Report of Town Clerk

WARRANT FOR ANNUAL TOWN MEETING, MAR. 7, 1921

Bristol, ss.

To either of the Constables of the Town of Easton in the County of Bristol, Greeting:

In the name of the Commonwealth of Massachusetts you are directed to notify and warn the inhabitants of the Town of Easton, qualified to vote in elections and town affairs, to meet in the Town Hall in said Easton on Monday, the seventh day of March next, at eight o'clock p.m., then and there to act upon the following articles:

Article 1. To see if the Town will accept the reports of the Selectmen, Assessors, Overseers of the Poor, Town Clerk, Treasurer, Collector of Taxes, School Committee, Board of Health and Tree Warden.

Article 2. To raise such sums of money as may be necessary to defray the Town charges for the ensuing year, and make appropriations for the same.

Article 3. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money on and after January 1, 1922, in anticipation of revenue of the financial year beginning January 1, 1922, and issue a note or notes of the Town therefor.

Article 4. To see if the Town will vote to raise and appropriate the sum of three hundred dollars ($300) for Memorial Day, to be expended under the direction of Post 52, G. A. R., in decorating soldiers' graves.

Article 5. To see if the Town will vote to appoint a committee of seven, three of whom shall be members of the Board of Selectmen, to conduct a thorough investigation and report at a special Town meeting to be held not more than ninety days after the annual Town meeting of 1921, on the question of arranging with the Brockton Gas Light Company for the extension of its

service in the Town of Easton, or any other method by which illuminating gas may be supplied to the citizens of Easton. (By petition.)

Article 6. To see what action the Town will take in regard to buying a motor apparatus for forest fires, and raising and appropriating money for the same.

Article 7. To see if the Town will vote to hold the annual Town meeting in the year 1922 and all special meetings during said year at Ames Memorial Hall, and make provision for the place of holding the annual Town meeting in the years following the year 1922, and authorize the Selectmen to make arrangements for convenient transportation of citizens from separated parts of the town to the place of holding annual Town meetings. (By petition.)

Article 8. To see what action the Town will take in the matter of adopting a set of by-laws, or in the appointment of a committee to draft proposed by-laws and submit the same for approval to a special Town meeting to be held within three months of the annual Town meeting in the year 1921. (By petition.)

Article 9. To see what action the Town will take in the matter of fixing the salaries of all elected officers of the Town of Easton, under the provisions of Section 8 of Chapter 591 of the Acts of 1920. (By petition.)

Article 10. To see what action the Town will take to raise and appropriate the sum of four thousand dollars ($4,000) to repair and put in good condition a section of Highland and Foundry Streets between Swift Bros.' store and the East Mansfield line, and to ask the State to furnish an equal amount. (By petition.)

Article 11. To see if the Town will vote to confirm the vote of the Town of March 4, 1918, abolishing the office of Town Auditor, and to authorize the Selectmen to appoint a Town Accountant under General Laws, Chapter 41 and establish the salary of said accountant.

Article 12. To see what action the Town will take in building a sidewalk from Washington Street on Elm Street to the end of Precinct Two, Elm Street, and appropriate money for the same. (By petition.)

Article 13. To see what action the Town will take in regard to having a survey of the Town made, and to authorize the Selectmen to secure bids for the same. (By petition.)

Article 14. To transact any other business that may legally come before the meeting.

And you are also directed to notify and warn the inhabitants of the Town of Easton, qualified to vote in elections, in Precinct One, to meet at the Town Hall; those residing in Precinct Two to meet at Ames Memorial Hall; those residing in Precinct Three to meet at the South Easton School, on Monday, the fourteenth day of March next, at fifteen minutes before six o'clock in the forenoon, to bring in their votes, all on one ballot, for one member of the Board of Assessors, Board of Health, and School Committee, for the term of three years; Moderator, three Selectmen, three Overseers of the Poor, Town Clerk, Treasurer, Collector of Taxes, Tree Warden, five Constables, and a Finance Committee of fifteen for the term of one year.

Also to vote "Yes" or "No" upon the question, "Shall licenses for the sale of certain non-intoxicating beverages be granted in this town?"

The polls will be open fifteen minutes before six o'clock a.m. and may be closed at four o'clock p.m.

You are directed to serve this warrant by posting attested copies thereof at each of the public meeting houses in said town, one at the Town Hall, one at Ames Memorial Hall, and one at the South Easton School, seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this warrant with your doings thereon to the Town Clerk, at the time and place of holding said business meeting; and said Town Clerk is hereby required to make return of this warrant to the Warden or Deputy Warden at the time and place of holding said meeting for the election of officers; and said Warden is hereby required to make return of this warrant to the Town Clerk, together with his return of officers elected, at the close of said meeting.

Given under our hands this twenty-third day of February in the year nineteen hundred and twenty-one.

JAMES E. HOWARD,
FRANK P. KEITH,
JOHN F. DAILEY,
Selectmen of Easton.

Easton, February 26, 1921.

Bristol, ss.

I have served this warrant in the manner directed.

EDWARD J. HEALEY,
Constable of Easton.

A true copy of the warrant and return thereon.

Attest: FREDERICK HANLON,
Town Clerk.

WARRANT FOR SPECIAL TOWN MEETING, JUNE 13, 1921

Bristol, ss.

To either of the Constables of the Town of Easton in the County of Bristol, Greeting:

In the name of the Commonwealth of Massachusetts, you are directed to notify and warn the inhabitants of the Town of Easton, qualified to vote in elections and Town affairs, to meet in the Town Hall in said Easton on Monday, the thirteenth day of June, 1921, at eight o'clock p.m., then and there to act upon the following articles:

Article 1. To raise such sums of money as may be necessary to defray Town charges for the balance of the ensuing year and make appropriations for the same.

Article 2. To raise such sums of money as may be necessary to pay existing Town indebtedness, in whole or in part, and make appropriation for the same.

Article 3. To see if the Town will authorize the Selectmen to enter into a contract with the Department of Public Works, Division of Highways, for the construction of any State highway which may be laid out in this Town during the present year.

Article 4. To see if the Town will authorize the Selectmen to indemnify the Commonwealth of Massachusetts against any and all claims for land, grade and drainage damages which may result from the laying out and construction of any State highway which may be laid out in this Town during the present year.

Article 5. To hear the report of the Finance Committee on the matter of establishing the salaries of Town officers, and to act thereon.

Article 6. To hear the report of the Committee on Town By-Laws, and to act thereon.

Article 7. To hear the report of the Committee appointed to investigate the matter of bringing gas into the Town, and to act thereon.

Article 8. To transact any other business that may lawfully come before said meeting.

You are directed to serve this warrant by posting attested copies thereof seven days at least before the time of said meeting,

one at the Town Hall, one at Ames Memorial Hall, one at the South Easton Grammar School Building, and one at each of the public meeting houses.

Hereof fail not, and make return of this warrant with your doings thereon at the time and place of said meeting.

Given under our hands this third day of June, A. D. 1921.

FRANK P. KEITH,
JOHN A. ANDERSON,
FRANK C. WADE,
Selectmen of Easton.

Easton, June 5, 1921.

Bristol, ss.

I have served this warrant in the manner directed.

THOMAS DOWNEY,
Constable of Easton.

A true copy of the warrant and return thereon.

Attest: FREDERICK HANLON,
Town Clerk.

SPECIAL TOWN MEETING, JUNE 13, 1921

The meeting was called to order at 8 p.m. by the Moderator, and the warrant read by the Town Clerk.

Article 1. Upon recommendation by the Finance Committee, it was voted to raise and appropriate the following amounts, in addition to the regular appropriations, to pay for back bills:

$1,200.00	for Incidentals,
141.75	for Police Service,
1,200.00	for Town Farm,
1,500.00	for Overseers of the Poor Department,
6,000.00	for Road Department.

The School Committee reported that they had been notified by the State that a fire escape must be provided on the old Grammar School Building at North Easton. Voted that $1,500 be raised and appropriated for the School Department to provide for the fire escape as required.

Article 2. Voted to raise and appropriate the sum of $10,000 to apply on the existing Town indebtedness. Voted to pay the balance in notes maturing in 1922.

Article 3. Voted to authorize the Selectmen to enter into a contract with the State Department of Public Works, Division of Highways, for the construction of any State highway which may be laid out in this Town during the present year.

Article 4. Voted to authorize the Selectmen to indemnify the Commonwealth of Massachusetts against any and all claims for land grade and drainage damages which may result from the laying out and construction of any State highway which may be laid out in this Town during the present year.

Article 5. The Finance Committee reported their recommendations on the matter of establishing the salaries of Town officers, and action was taken as follows:

Voted that the salary of each member of the Board of Selectmen, including road supervision, shall be $250.

Voted that the salary of each member of the Board of Overseers of the Poor shall be $250.

Voted that the salary of each member of the Board of Assessors of Taxes shall be $400.

Voted that the salary of each member of the Board of Health shall be $100, with $50 additional for the Clerk.

Voted that the salaries of the Town Clerk, Treasurer and Collector of Taxes, and clerical assistant shall be as follows: $800 for the Town Clerk, $500 for the Town Treasurer, $500 for the Collector of Taxes, and $1,200 for the clerical assistant for the Town Clerk, Treasurer and Collector of Taxes.

Voted that the salary of the Town Counsel shall be $600.

Article 6. Voted to refer the report of the Committee on Town By-Laws to the next annual Town meeting.

Article 7. Voted that the report of the Gas Committee be accepted as a report of progress and that the Committee be given

authority to continue its work and to report at the next annual Town meeting.

Article 8. No business transacted under this article.

Voted to adjourn.

By-Laws

The Committee on By-Laws presented its report at a special meeting held June 13, 1921. It was voted to refer the report of the committee to the next annual town meeting in March, 1922. Following is a copy of By-Laws submitted to the Town.

FREDERICK HANLON,
Clerk.

TOWN OF EASTON BY-LAWS

ARTICLE I

Town Meetings

Section 1. The annual town meeting shall be held on the first Monday of March in each year, and the annual town election shall be held on the second Monday of March in each year.

Sec. 2. Every town meeting shall be called by posting attested copies of the warrant at each meeting house and post office and at the Town Hall, at least seven days before said meeting.

Sec. 3. Notice of every adjournment of a town meeting shall be posted by the Town Clerk in the places designated in Section 2, as soon as practicable after the adjournment stating briefly the business to come before such adjourned meeting.

Sec. 4. At a special meeting of the Town not less than one hundred legal voters shall constitute a quorum.

ARTICLE II

Finance Committee

Section 1. There shall be a Finance Committee of fifteen (15) members who shall be elected for a term of one year at the annual meeting for the election of officers.

Sec. 2. They shall consider all articles involving the expenditure, appropriation, raising or borrowing of money in any warrant for a meeting during their term of office, and shall report in writing

thereon, together with their recommendations, to the meeting held concerning such articles.

Sec. 3. The various town boards shall at reasonable times, when requested, furnish necessary information concerning their departments to the Finance Committee.

ARTICLE III

Financial Affairs

Section 1. The financial year shall begin with the first day of January in each year and end with the last day of December following.

Sec. 2. It shall be the duty of the Board of Selectmen to take charge of the bonds of the Town Treasurer and Collector of Taxes and deposit them in a safe place.

Sec. 3. No bill, charge or account against the Town shall be paid without the approval, in writing, of the Board of Selectmen.

ARTICLE IV

Legal Affairs

Section. 1. The Board of Selectmen shall annually appoint an attorney-at-law to act as Town Counsel, and said board shall have full authority to employ special or additional counsel wherever, in its judgment, necessity therefor arises.

Sec. 2. The Board of Selectmen shall have full authority, as agents of the Town, to institute, prosecute and compromise suits in the name of the Town, and to appear, defend and compromise suits brought against it, and to appear in proceedings before any tribunal unless it is otherwise specially voted by the Town.

Sec. 3. The Town Clerk shall have the custody of the Town seal, and shall keep a true copy (in a book to be kept for such purpose alone) of all deeds or conveyances executed in behalf of the Town by any town officer. It shall be the duty of the Town Clerk to see that every conveyance to the Town of any interest in real estate is properly recorded in the Registry of Deeds.

ARTICLE V

Records and Reports

Section 1. All reports shall be placed in the hands of the Board of Selectmen for printing and publishing as soon as possible, not later than the fifteenth day of January of each year.

Sec. 2. The Board of Selectmen shall annually cause to be distributed, not less than seven days before the annual meeting, among taxpayers of the town, the reports of the officers of the various departments and boards of the town and report upon such matters as directed by the Town and these By-Laws.

Sec. 3. Whenever a town way is laid out or altered, a plan thereof shall be made and filed in the Town Clerk's office, with the location thereof, and it shall be the duty of the Town Clerk to keep a book of records for the sole purpose of recording the location of all highways and town ways within the town, with an index thereto.

Sec. 4. Each decennial valuation of estates made by the Assessors, or an abstract thereof, together with a list of poll taxpayers, shall be printed in the annual town report for the next year after same shall be made.

ARTICLE VI

Street Regulations

Section 1. No person not in the employ of the Town shall dig up or excavate any part of a public street or remove any gravel unless he has obtained from the Board of Selectmen a written license therefor.

Sec. 2. Whoever by virtue of such license digs up or excavates any part of a public street shall cause a rail or sufficient fence to enclose part so dug up, and shall cause a sufficient number of lighted lanterns to be fixed to said fence during the whole of every night while such excavation exists.

Sec. 3. Said licensee shall restore said street to a condition satisfactory to the Selectmen.

Sec. 4. No person shall skate or coast upon any sled upon any street or public place, except at such times and upon such

streets or places as the Selectmen may, by public notice, designate for such purpose.

Sec. 5. No owner or person having the care of any sheep, goats, swine, oxen, cows, horses, or other grazing animals, shall permit or suffer the same to go at large, or to graze on any street, way, common square or other public place within the town.

ARTICLE VII

Contracts by Town Officers

Section 1. No town officer and no salaried employee of the Town, or any agent of any such officer or employee, shall sell material or supplies or furnish labor to the Town by contract or otherwise without permission of the Board of Selectmen or other board authorized to purchase or otherwise secure materials, supplies, and labor for the Town, expressed in a vote which shall appear on the records of such board with the reason therefor.

Sec. 2. No town officer and no salaried employee of the Town or any agent of any such officer or employee shall receive any compensation for work done or service performed by him for the Town except his official salary and fees allowed by law, without the permission of the Board of Selectmen or other board authorizing such work or service expressed in a vote which shall appear on the records of such board with the reason therefor.

Sec. 3. When the estimated amount of the proposed contract exceeds five hundred dollars ($500) proposals shall be called for in the manner provided in this section. Such calls for proposals shall be advertised in a local newspaper, such publication to be at least seven days before the opening of the bids. The advertisement shall require such proposals to be sealed and properly designated, and shall announce the place, day and hour at which they shall be opened. The bids as received shall be deposited in a box securely locked, and at the time and place named shall be publicly opened in the presence of the board authorized by the Town to make a contract. As far as practicable, contracts for less than five hundred dollars ($500) shall be awarded in such a manner as to secure reasonable competition.

ARTICLE VIII

Repeal and Amendment of By-Laws

Section 1. These By-Laws may be repealed or amended at any annual town meeting, or any other town meeting especially called for the purpose, an article or articles for such purpose having been inserted in the warrant for such purpose.

Sec. 2. Every violation of any of the provisions of the foregoing By-Laws, unless otherwise provided by law or these By-Laws, shall be punished by a fine not less than five dollars ($5) or more than twenty dollars ($20) for each violation or breach thereof.

Sec: 3. These By-Laws shall go into effect upon acceptance by the Town and their approval and publication in the manner required by law, and all By-Laws heretofore existing are hereby repealed.

Accountant's Report

Your accountant does not wish to interfere with the work or recommendations of the finance committee, but only wishes to make suggestions on different items as he has seen them the past year, and this is what he has tried to do:

That there be more regularity in passing bills for payment and to help matters in this respect, has made arrangements with the Treasurer to have the use of his office the coming year for the receipt of bills and pay rolls for payment and will be at the office of the Treasurer on the fourth, eleventh, eighteenth and twenty-fifth of each month at eight o'clock, except when the date falls on a holiday or Sunday, when he will be there the following evening. The pay rolls being payable the fifth and nineteenth, instead of the first and sixteenth, this will allow time for the pay rolls to be made out by the proper party, passed to the Selectmen for approval and approved by the accountant for payment, which has not always been done the past year, as the reports have not been in on time, and the men have had to wait for their money, in some cases, two or three days. This insures bills being approved so all discounts can be taken advantage of. The Selectmen's incidental account should be divided so that the voters will have a better idea of what is spent under this head and set a limit on them, as in the past this account seems to have been the dumping ground for various items.

The following are the items with amounts I would suggest for separate appropriations:

Accountant's Expense	$200.00
Assessors' Expense	450.00
Collector's Expense	450.00
Insurance	1,000.00
Town Clerk's Expense	500.00
Registration Expense	25.00

Treasurer's Expense	$250.00
Election Expense	800.00
Miscellaneous	300.00
Selectmen's Expense	300.00
Sealer of Weights and Measures	500.00
Lighting and caring for bad corners	200.00
Fire Department Uses	1,500.00
Inspection of Animals	150.00
Police Department Expense	1,000.00
Town Hall	200.00
Road Department Pensions	1,136.00
Town Reports	1,000.00

Payment had to be stopped against some of the appropriations the past year as the limit had been reached, and I have gathered these bills together as far as possible and you will find under appropriations, amounts for which I ask separate appropriations to cover these old bills. By so doing this will give the incoming board a clean sheet to start with.

You have all heard in the past of the large amount the Town was in arrears. This has been occasioned in the past in several ways. Two of them are as follows: overdrawing accounts for a number of years back and not taking care of this overdraft by raising sufficient money the next year. By allowing too small an overlay in figuring taxes. We will say, for instance, if the assessors allow an overlay of $500 and allow abatements of $2,500, you can readily see this $2,000 has got to be lost somewhere. It is lost by the Treasurer, he falling short this amount in his taxes from the amount of the warrant; or, in other words, from the amount raised at your town meeting, and if this amount is not raised the next year you can add this item to your overdrafts, and where this method is continued for a number of years you are bound to be in arrears sooner or later. This makes it difficult for your Treasurer and the treasurers of the various districts, where they are trying to keep their amounts down as close as possible, so let's start this year right by raising money to cover these overdrafts.

For the care, maintenance and repair of the Tuberculosis Hospital at Attleboro, in 1921, the Town of Easton is required to pay as its share to the county, on or before April 1, 1922, the sum of

$2,909.17. You will find an article in the warrant pertaining to this item.

You will find in the Treasurer's report, under Selectmen's Incidental account, an overdraft of $3,561.64. I am showing this same amount in my report, but it is covered by receipts which you will find in the Treasurer's report which, under the vote passed last year, returns amounts received to their respective departments. These should have been credited to the Incidental account. They are as follows:

Corporation Tax, foreign	$7,740.77	
Corporation Tax, domestic	2,366.52	
Corporation Tax, public service	8,001.50	
National Bank Tax	1,238.39	
Refund of tax for Eastern Massachusetts Street Railway	447.42	
		$19,793.60
which really shows a balance of		$16,231.96

You will find an overdraft under the Moth Department, which would not have appeared if all the tax bills had been collected. It is impossible in the short time between sending out the bills and the end of the year to collect these in full. Overdrafts of 42 cents in the Tree Department, $40 Soldiers' Memorial and $164.99 officers' bills, were all of small amounts and were passed by me and paid in 1921.

I suggest the following amounts be added to the appropriations to cover bills contracted in 1921 and remaining unpaid January 1, 1922:

Police Department	$245.75
Town Farm	504.38
Road Department	228.46

I wish to show the following figures for the voters' approval:

Notes outstanding, December 31, 1920		$40,000.00
Cash on hand and in bank, December 31, 1920	$10,488.28	
Uncollected taxes	14,909.91	
		25,398.19
Balance		$14,601.81

Notes outstanding, December 31, 1921		$50,000.00
Cash on hand and in bank, December 31, 1921	$19,922.42	
Uncollected taxes, December 31, 1921	21,268.15	
		41,190.57
Balance		$8,809.43

On the following page you will find summary of the different appropriations.

Report of the Tree Warden

To the Citizens of the Town of Easton:

The following is a summary of work of the Tree Warden's Department for the year 1921:

Eighteen rock maple trees were planted last spring, and with one exception have made good growth.

Fifteen trees were removed by the department, or permission given the abutter to remove them.

Five of these trees were dead and the remainder interfered with the sidewalks or property.

Dead wood and dangerous limbs were removed from the trees on nearly all of the streets, with the exception of Washington Street and the Turnpike.

Expecting the State to take over these streets as State highway, very little work was done on the trees.

Work for 1922 should include the removal of several dead trees, the bolting and repairing of several maples and the arching of trees on some of the streets, where large trucks break the limbs; also the usual removal of dead wood.

Several calls for the planting of trees in the spring of 1922 have already been given me, and I believe that we should set out at least twice as many trees each year as are removed.

This year but three more trees were planted than were removed.

All spraying was done in connection with the Moth Department work.

There are belonging to the Tree Department, two of the small, four horse-power Guptill spray machines, which are in poor repair.

They were not used this season, and it would seem advisable to sell them, and purchase a large machine with truck, for the work of the two departments.

The two large machines which we now have, have given us ten and twelve years' service, and cannot be expected to last much longer.

I would recommend that the Town raise and appropriate $1,500

for tree work in 1922. I also recommend the purchase of a spray machine, and the sale of the two small machines mentioned.

Report of Superintendent of Moth Work

To the Selectmen of the Town of Easton:

I submit the following report of the Moth Department for the year 1921:

We were able this year to treat the egg clusters in North Easton Village, Unionville, South Easton, Eastondale, Easton Furnace and along the main highways.

This work was followed by spraying, using one large machine with horses in North Easton Village, one large machine on truck for outlying sections and a small machine on truck for pick-up work. This outfit enabled us to cover nearly all the highways and answer all calls for private spraying, getting the work finished before the caterpillars pupated.

In two or three places the second spray was applied by direction of the state inspector.

I find excellent results from this work, and except in places where the property owners objected, or neglected to have the trees sprayed, much improvement is found.

In several colonies the parasites have become established and are doing good work.

Also many of the property owners are coöperating with us and getting results by creosoting and spraying.

The department will be glad to furnish creosote to any one, for this work.

Much assistance was received from the State, they furnishing such supplies as lead, oil, hose, etc., and reimbursing the Town $1.048.68, for all money spent above the town liability.

Arrangements were also made so that the State financed the work through the month of December.

I recommend that the Town raise and appropriate the amount of the town liability, $1,875.28, for the work in 1922.

Report of the Board of Health

During the year 1921, one hundred and thirty-five cases of infectious and contagious diseases were reported to the Board of Health. This is ninety less than was reported in 1920. They were as follows: Measles, thirty-seven; Chicken Pox, thirty-six; Mumps, thirty-five; Whooping Cough, seven; Scarlet Fever, five; Diphtheria, two; Lobar Pneumonia, eight; Pulmonary Tuberculosis, three; Acute Miliary Tuberculosis, one; Discharge from Eye (infant), one.

There were thirteen deaths from reportable diseases as against fifteen in 1920. Lobar Pneumonia was the cause of seven; Tuberculosis, four; Scarlet Fever, one; Diphtheria, one.

The whole number of deaths in 1921 was sixty-two, with four stillbirths. The number of births was eighty-one.

During the year we aided four tuberculosis patients. One of these was cared for in the Bristol County Tuberculosis Hospital, and three were aided at home. We paid out, on account of Tuberculosis in 1921, the sum of $897.08. Of this amount the Town will receive $323.55 as reimbursement from the Commonwealth, and will receive $96.43 as a subsidy from the Commonwealth on one of the other cases.

The analysis of milk samples during 1921 shows that, on the whole, the milk served in Easton is of good quality and well cared for. The board has issued seventy-nine permits for production and sale of milk.

The sanitary inspection of the town shows a continued improvement. The board has had to send out fewer notices on account of unsatisfactory conditions this year than in any previous year.

From a public health standpoint, the year 1921 has been a very good year. There have been comparatively few serious diseases reported, and our expenditures have been less than for several years past. Our appropriation and receipts amounted to $2,290.18, while our expenditures were $2,108.29, leaving an unexpended balance of $181.89.

On the eighth of December, 1921, Mr. Charles H. Hennigar, who was a member of the board for a number of years, died. We take this opportunity to express our appreciation of him as a fellow worker. He took a keen interest in public health matters, and performed his duties earnestly and conscientiously. In his death the board has lost a congenial and faithful worker, and the Town has lost an efficient public officer.

We append the report of the Inspector of Slaughtering.

DAVID J. O'CONNELL,
FRANK E. TILDEN,
Board of Health of Easton.

North Easton, January 3, 1922.

To Board of Health of Easton.

Gentlemen: From January 1, 1921, to January 1, 1922, I have inspected thirty-seven carcasses of beef, twenty-seven carcasses of swine, three hundred and twenty-nine carcasses of veal and five carcasses of lamb, all of which I found in good condition and passed.

JOSIAH C. GOWARD,
Inspector.

Report of the Inspector of Animals

To the Selectmen of the Town of Easton.

Gentlemen: I herewith submit my annual report for the year ending December 31, 1921.

During the year I have inspected ninety-six stables and have recommended improvements where needed. I have inspected five hundred and fifteen cows, two hundred and sixteen young cattle, twenty-six bulls, four oxen, one hundred and thirty-one swine and forty-one sheep.

I have quarantined seventeen cows under suspicion of having the disease known as tuberculosis. Fourteen were condemned, slaughtered and rendered and three were released.

We have been fortunate in having had no outbreak of rabies in our town during the year although this disease has been prevalent in some sections of the State.

Very truly yours,

E. CARLTON HAYWARD,
Inspector of Animals.

Annual Report of the School Committee

To the Citizens of Easton:

The following facts are given here that the citizens of Easton may thoroughly understand the status of the largest business in Easton, the business that employs over 2,400 hands and 1,200 heads, or nearly one-fourth of the total population of the town. We feel that you should fully realize that the school departments of the State are hemmed in on two sides; on the one side by an ever-increasing number in the school population, and on the other by the increased difficulties of securing sufficient appropriations to meet the ever-increasing demands. Easton is no exception to the general rule.

Last year there were over 16,000 more pupils in the State than the year before. In Easton there are only twenty boys and girls under sixteen years of age who are not attending school. There are now in our High School over 215 pupils, and about the same number in our Junior High In a year from now there will probably be 275 students in the High School, making a total of five hundred or more in both schools. We find ourselves, as do many other school departments in the State, in a rather precarious condition, and we want you to know the situation exactly as it is.

Last year at the town meeting it was voted that our appropriation be reduced five thousand dollars. In order to carry this into effect and yet give the schools as efficient an administration as possible, it was decided:

1. To leave uncompleted many repairs.
2. To drop the supervisors of music and drawing.
3. To drop one teacher from the Unionville School.
4. To pay the entire salary of the Practical Arts teacher from the Oakes Ames Fund instead of providing magazines for children in their homes.

(Our request to do this was granted by the Trustees of the Oakes Ames Fund.)

5. Not to make the usual exchange of typewriters three years' old.

6. Not to continue another year the Cow Test Association for adult farmers.

7. To increase the teaching load of High and Junior High teachers to the greatest point. We eliminated one teacher from the High and Junior High schools and at the same time added one more division of thirty-five pupils.

8. To eliminate certain High School subjects, chief of which was Spanish and the Household and Practical Arts subjects of the junior and senior years.

9. And last, but not of the least importance, we did not increase in May the salaries of teachers who were serving at less than the maximum salary. There were eight who were eligible for an increase, and six of these secured better positions elsewhere.

We have inserted in the budget for the coming year only three of these items:

1. Repairs.
2. Exchange of typewriters.
3. The increase of salaries within the present schedule.

You will note that we have not asked for an increase in the maxima of our salaries but for only enough to make the necessary increases within the schedule; and to provide for an additional teacher made necessary by the increase in numbers.

There is still a shortage of teachers, and we believe this will continue for several years to come. Successful teachers of training and experience who are looking for advancement readily find their opportunity. During the year we have had to depend upon substitutes to patch up our teaching force under a more or less temporary arrangement, as regular teachers of satisfactory training and experience were hard to obtain at our price. All our teachers have served with faithfulness and to the best of their ability.

The other five or six items omitted this year should, when times and costs become normal, be included in the annual school budget.

A recent report submitted by Principal Smith, which was based upon the returns from the registrars of the colleges and normal schools to which we have sent pupils during the past four years, is as follows:

Boston University, Boston College, Harvard University, Simmons College, Worcester Polytechnic Institute, Massachusetts Institute of Technology, Upsala College, Bridgewater Normal School, Framingham Normal School.

Quality of work done in these higher institutions:

	Above Average	*Successful*	*Poor or Left*	*Total*
College	6	8	6	20
Normal School	6		1	7
Total	12	8	7	27

This is a good record and should be convincing proof that our High School is not only serving the community through its commercial and vocational courses, but is preparing pupils of native ability and ambition as well as, if not better than, high schools average.

The record of these twenty-seven young men and women of Easton suggests that the college preparatory course is a worthwhile part of our High School, and that the school merits the most liberal support of the citizens of Easton.

You who are the parents of the twelve hundred boys and girls are the stockholders of this largest business. It is your children who will develop according to your fondest aspirations, or who will fail to receive the help and advice which they merit, accordingly as you provide for them. You elect the directors of this business, and your activities and interest will determine the success or failure of our schools.

We know the citizens of Easton believe in a good elementary education, in the new possibilities of the Junior High School, in upholding and adequately supporting the High School whose record of recent years has been noted above, and will wisely take such action as may be necessary to help in securing the necessary funds as submitted in our budget.

We took advantage of Education Week, December 4 to 10, the observance of which was suggested by a proclamation of President Harding, to invite parents and friends to visit our schools and to observe the regular and special exercises, hoping that in this way as many as possible would get more first-hand knowledge of our schools. We are pleased to report that one

hundred fifty-nine visitors were present in the schools throughout the town.

The schools record with a feeling of genuine sorrow the death of Frederick Lothrop Ames, a public-spirited citizen, who for many years was a member of the Advisory Committee on Vocational Agriculture, and who was the prime mover in the donation and erection of the North Easton Grammar School building.

We have indicated below the repairs needed for 1922.

Report of the Superintendent of Schools

To the School Committee of Easton:

Madam and Gentlemen,—It is with pleasure that I submit my fourth annual report, which is the thirty-sixth from the office of the Superintendent of Schools.

The facts below indicate some of my activities for the past year:

Number of visits to eleven outside schools	145
Number of visits to seven outside buildings	10
Number of classroom visits, North Easton Grammar	42
Number of classroom visits, Junior High	45
Number of classroom visits, High School	32
Total number visits not including conferences with principals	274
Number of teachers' meetings	14
Number of School Committee meetings	16
Number of conferences with teachers' committees	21
Number new teachers selected	14

Revision of High and Junior High School curricula.
Member Court of Honor, Boy Scouts.
Group intelligence examination given Grades 1 to 3.
Silent reading examinations given Grades 4 to 12.
Personal attention given to promotion of pupils.

HEALTH EDUCATION

The health work in the schools has been carried on during the past year under the supervision of the school physician.

A physical examination is given each pupil at the beginning of the school year to determine the condition of the teeth, throat, nose, hair and skin, and is followed at intervals throughout the year with individual and room inspection by the newly appointed school nurse. Miss Lipsett, the nurse, endeavors to visit each school weekly and at other times as needed. Particularly is the care of the teeth stressed, and to this end a dental clinic has been maintained for the benefit of those who are unable to visit a private dentist.

Health talks are given to the children on the subjects of general health, personal cleanliness and care of the body.

With the splendid coöperation of the teachers, the percentage of contagious diseases in the schools has been materially reduced.

The following is a brief summary of the defects noted and corrected during the past year:

	Defects found upon examination	*Corrective action taken*
Teeth	447	309
Enlarged or diseased tonsils and adenoids	52	28
Vision	66	26
Hearing	25	5
Skin disease	15	15
Pediculosis	16	16
Treated at school dental clinic		132
Operation for tonsils and adenoids through School Health Department		19
Vision corrected through School Health Department		12
Hearing corrected through School Health Department		4
Visits to school buildings		384
Home visits to school children		312

We ask for the continued coöperation of both the teachers and the parents in our effort to give to the children their rightful heritage, a healthy body.

AGRICULTURE

The Agricultural Department has continued under the direction of Mr. Glover, with all of its various lines of work. There has been an average enrollment of about ten boys. The Grammar School Garden Class, the Home and School Garden Club, the State Agricultural clubs and the milk testing have been carried on as usual with some minor changes.

In addition, instruction has been carried to the adult farmers of the town. A Cow Test Association was decided upon and the dairy farmers of the town were invited to join. Seven men availed themselves of this opportunity and the work was carried through

the entire year of 1921. These seven farmers produced $28,970.50 worth of milk at a feed cost of $15,977.00. If they succeeded in lowering the feed cost two and one-half cents on every dollar, or increased the production of their cows forty-two quarts apiece for the year, as the result of their affiliation with the association, the salary and expenses for that part of the work are wholly offset.

This work cannot be continued, however, because the pressure for economy on the whole school system will compel the instructor, from now on, to devote one-half his time to teaching other subjects. The agriculture class of eleven boys will be continued as usual, with larger and better home projects than ever before.

As a result of this curtailment, the Garden Class at the Grammar School will be omitted and the Home and School Garden activities will be changed or dropped altogether. More emphasis can thereby be placed on the State club work which is, on the whole, of a more advanced grade. The milk testing for the Board of Health will be continued.

Let us remember that the trend of education has changed greatly in the last few years, and that there is much emphasis being placed on two things by state and county:

(1) To fit boys and girls to earn an honest living.

(2) To give adults educational advantages which were not possible to them in the last generation.

It is these two missions that the Agricultural Department is trying to fulfill along its own line of work.

The results obtained in the department are tabulated below:

I. Agricultural class work.
   (*A*) Enrollment:
      1. Average for year ending September 1, 1920, was 9.28 pupils.
      2. Present class has 11 pupils.
   (*B*) Agricultural work carried on by pupils:
      1. Projects, poultry, pigs and crops.
         Total value of products, $1,127.94.
      2. Other supervised agricultural work, 2,792½ hours for credit and cash, $632.40.

II. State clubs in coöperation with County Club leader.
   (*A*) Number enrolled, 26.

(*B*) Number completing work, 19.

(*C*) Prizes won:

1. Poultry.
   (*a*) County Club poultry champion for Bristol County, Kenneth Stuart. Prize, a week's camp at the Agricultural College.
   (*b*) Poultry judging team defeated other county teams at Bristol County Farmers' Show.
   (*c*) Two of these team members chosen to represent county at Boston Poultry Show, Junior Department.
   (*d*) Several prizes on poultry entries at Bristol County Farmers' Show and Brockton Fair.
2. Pigs.
   (*a*) Prizes won at Brockton Fair.
3. Crops.
   (*a*) Boston Horticultural Society exhibition from children's gardens. A first and third prize on collections of vegetables.
   (*b*) Bristol County Farmers' Show. Easton boys and girls won over half the prizes awarded in their department.

III. Children's home gardens.

(*A*) Number enrolled, 37.

(*B*) Prizes won:

1. About twenty doing good work given free outing from contributed funds to the County Agricultural School.
2. Various prizes at the Boston Horticultural Society's Show and Bristol County Farmers' Show.

IV. Garden class at North Easton Grammar School.

(*A*) Twelve pupils given practice in gardening.

(*B*) Received products raised to take home.

V. Milk testing, 23 collections made; 136 samples tested.

VI. Cow Test Association.

(*A*) Seven farmers enrolled.

(*B*) Visits made to farms, 158.

(*C*) Value of milk produced, $28,970.50, at a feed cost of $15,977.09.

HIGH SCHOOL

Mr. Smith reports that for the first time for several years the High School has gone through the first half of the school year without a change in the teaching force. This fact is filled with importance for the school. The frequent changes of the last few years are undesirable.

The resignation of Miss Catherine Maliff was regretted by all who know her. Her services to the school have been of great value.

DEBATING

Last spring the debating team defeated the Stoughton High School debating team in the second debate for a cup. Since this was the second victory for Oliver Ames High School it gave her permanent possession of the cup. The members of the team which won the first leg of the cup, in 1920, were Talbot Kirkby, Jr., John Lawrence Olin, Margaret Cecelia Lyons and Dorothy Catherine Manson as alternate. The team which won permanent possession of the cup in the spring of 1921 was composed of Gerald Griffin Sheehan, Paul Winthrop Anderson, Margaret Cecelia Lyons and Helen Grace Croskery as alternate. Due credit should be given not only to members of the teams but to those members of the debating club who assisted the team in preparing material, and to Miss Frances Wadleigh and Mrs. Frederick Smith who coached the teams in 1920 and 1921, respectively.

ATHLETICS AND PHYSICAL EDUCATION

High School basket-ball was successful last year. The boys' basket-ball team won ten and lost five games. The girls' team won all except two games. The boys' team, under Mr. Peterson, has made a very good beginning to its season by winning five games and losing one. The girls, in charge of Mrs. Smith, have won their first five games. Again we wish to call attention to the desirability of a physical training program that will reach all pupils.

OTHER HIGH-SCHOOL ACTIVITIES

The Senior Class gave the play "The Arrival of Kitty," in April, 1921; and made a trip to New York, May 27 to 31.

The High School Chorus gave a concert on June 7.

PROFESSIONAL IMPROVEMENT OF TEACHERS

The results of educational practice cannot be so readily evaluated as are those of business, because they are so much more intangible by nature. For this reason antiquated methods of educational procedure have a tendency to persist relatively longer than do poor methods in the business world. Again, unless the teacher is on her guard she is quite likely to continue to teach the way she was taught. In this way both the poor and the good processes are reproduced. But even so, what were the best methods of former years may be insufficient to-day.

The intellectual power of man is practically no greater than it was a century ago, and the human mind and body react to outside stimuli in much the same way; but as man is learning to *apply* the fundamental principles of science to the physical world about him in a much superior way, so are our best psychologists and leaders in education showing us daily how best to apply in our teaching the knowledge gained from the study of the action and reaction of the human mind. They tell us how to approach different types of children, what can be expected of the various types in intellectual development, the best methods to be pursued for certain definite desirable results, and what knowledge and skill are of most worth.

The sum total of human knowledge has become so much greater and the activities of mankind have been multiplied to such an extent that often school officials are staggered when they contemplate what is expected of the schools by the various professions, commercial activities, industries and trades. Furthermore, as the world is now so much smaller — new inventions bring all the people of the earth into closer relationship — it will become necessary for all citizens to understand the fundamental principles of economics and sociology more thoroughly than it has been necessary for them to understand them in the past. For subject matter we must take our cue from these various activities of the present day; for the lower grades we must select the greatest divisor common to all activities, and then later the courses of study should be made to differ.

The tremendous demands of these various interests have a tendency to cause school people to place relatively too much emphasis on the content and not enough on the methods of study.

In the future we must think more in terms of the development of the individual. Subject matter will thus become more completely a means to an end.

No corps of teachers can be efficient without much professional study and improvement. Your committee generously provides about twenty-five magazines to encourage our teachers in their professional reading, and a good beginning has also been made in building up a professional library.

Many of our teachers are enthusiastic over the pleasure and profit they are deriving from their studies, and it gives me pleasure to report what they are doing.

Three primary teachers are making special study of the intelligence and mental characteristics of their pupils as they enter school. They are thus better prepared to deal with the various groups and individuals. The teacher discovers in advance about what may be expected of a given child and directs her activities accordingly. The general effect is that of lightening her tasks.

Twenty-two teachers have completed a course in penmanship given by the Department of University Extension. Penmanship is a subject in which it is difficult to get satisfactory results, because it requires of the novice definite control of mind and body at all times, and this is acquired only by much practice. This course is helping us to get these desired results.

Three High School teachers are taking from two to six hours weekly in as many institutions, for advanced standing in their specialties. Last spring two Junior High teachers took weekly courses. The principals have recently attended a course of five lectures by Dr. Thomas Balliet, on supervision of instruction. Twenty or more teachers are now applying to the University Extension Department for a course in Applied Educational Psychology, of one period per week for ten weeks, to be given in North Easton.

The interest shown and the efforts made by the teachers in professional improvement throughout the school year are very commendable. However, not many of our teachers avail themselves of the numerous short summer courses that are given in this vicinity. Possibly the matter of expense deters them. Many school departments in the State offer a bonus of fifty dollars or

more for attendance at these schools. I hope Easton may soon adopt a similar policy.

IMPROVEMENT IN METHODS OF TEACHING

In addition to the fourteen teachers' meetings mentioned elsewhere, there have been five committees of teachers working on as many different subjects for the purpose of improving the methods of instruction therein. Twenty-one conferences have been held with these committees. The names of the committees are:

1. Silent Reading and Vocabulary.
2. Oral English and Public Speaking.
3. Arithmetic.
4. Penmanship.
5. Measurements of Intelligence.

The Silent Reading Committee has emphasized the importance of silent reading as an aid to correct study habits, and the two chief elements, speed and comprehension. The factors in the development of speed are enumerated and explained. The typical errors are pointed out, the individual errors mentioned and remedial work suggested. The requirements for silent reading selections are discussed, and suggestions for treating, enlarging and retaining a vocabulary are made.

The committee on Oral English emphasized the need of improvement in expression in the recitation period, and the need of more specific training in the delivery of selected material. The individual pupil should be coached periodically in oral expression.

The Arithmetic Committee emphasized the following points:

(*a*) Daily oral drill in fundamental processes.

(*b*) Daily reading of two or more problems to indicate the processes.

(*c*) The issuance of a certificate of proficiency for mastering the four fundamental processes in arithmetic, up to and including common and decimal fractions, with accuracy and rapidity.

(*d*) The use of standard and practice tests.

The percentage of certificates issued under (*c*) above during school year 1920–21 by grades is as follows:

V	VI	VII	VIII
35%	71%	60%	82%

The Penmanship Committee meets monthly, and grants certificates of three standards:

(*a*) To second- and third-grade pupils who write legibly and well.

(*b*) To pupils in Grades 4 to 8 who use arm-movement in all written work, for neatness and plainness, and for maintaining a good position.

(*c*) To students in Grades 6 to 10 a certificate for excellence in writing, for acquired skill in plain arm-movement writing in all written work, and for maintaining a good position.

Certificates *A* and *C* were issued last year to the number of pupils indicated:

A		*C*			
II	III	VI	VII	VIII	X
33%	53%	0	2%	2.4%	11%

The unsatisfactory results in the upper grades led this committee to request that a course in penmanship improvement be given the teachers. You will note elsewhere a statement that the course has been given this fall. Certificate B was also suggested and adopted.

The work of the committee on Measurements of Intelligence was referred to under Professional Improvement. This committee of primary teachers has opened up a new field for the School Department of Easton and has rendered much valuable assistance to teachers in the higher grades also. We hope to be able to receive and to promote children on a more scientific basis in the future. Any work that helps teachers to understand their pupils better is invaluable.

Respectfully submitted,

CARLON E. WHEELER.
